Balanced Aire Adjustable Skin Protection Cushion

RETAIL BOX

INSET B

- The Balanced Aire Adjustable Cushion is our premier clinically effective yet affordable, Adjustable Skin Protection cushion
- Flexible interconnected, independent air cells allow for deep immersion into the cushion
- Ideal for clients with limited seated tolerance, or those at risk for pressure injuries
- Low-shear stretch cover with adjustable locking straps and non-skid bottom is easily removed and washed
- Hand pump included to adjust the cushion to individual patient comfort
- Available in 4" and 2" adjustable air cell heights
- Repair kit included for quick fixes
- Meets flammability standard TB117
